- ❖ Cao Nhat Duc
- ❖ Huynh Ngoc Son
- ❖ Doan Huu Loc
- ❖ Nguyen Dang Manh Tu

Meeting content:

- ❖ Review the work done in the last Sprint 5
- ❖ What is the advantage?
- ❖ What are the disadvantages?
- ❖ What issues need improvement?

Meeting results:

- ❖ Advantages:
 - Understand the importance of Testing.
 - Clear division of work for members for Test Cases.
 - Clearly define what steps in the Test are needed.
- ❖ Wrong:
 - Not knowing the tools to test in practice.
- ❖ Improvements:
 - Need to urge members to learn and practice coding.
 - Organize team work quickly and do not let the deadline near to start work.
 - In the following week, members need to start coding the team's official project and basically complete some key functions.
 - Learn the tools and how to use them to get the most out of testing.

Meeting review:

- ❖ The members had a brief understanding of the work to be done in the next sprint.
- ❖ Meeting on time and focusing on meeting quality.
